ABOUT THIS FIELD

The Associate Nursing curriculum provides knowledge and strategies to integrate safety and quality into nursing care, to practice in a dynamic environment and to meet individual needs which impact health, quality of life and achievement of potential. This curriculum will also place an emphasis on patient care.

WHAT YOU'LL STUDY

Course work includes and builds upon the domains of healthcare, nursing practice and the holistic individual. Content emphasizes the nurse as a member of the interdisciplinary team providing safe, individualized care while employing evidence-based practice, quality improvement and informatics.

WHAT YOU CAN DO

Employment opportunities are vast within the global healthcare system and may include positions within acute, chronic, extended, industrial and community healthcare facilities.

PROGRAM START DATES:

Refer to college catalog for deadline dates.
