ABOUT THIS FIELD

The Business Administration curriculum is designed to introduce students to the various aspects of the free enterprise system. Students will be provided with a fundamental knowledge of business functions, processes, and an understanding of business organizations in today's global economy.

WHAT YOU'LL STUDY

Course work includes business concepts such as accounting, business law, economics, management, and marketing. Skills related to the application of these concepts are developed through the study of computer applications, communication, team building, and decision making. **Students can complete the required courses for this degree, diploma and certificate online.**

WHAT YOU CAN DO

Graduates are prepared for employment opportunities in government agencies, financial institutions, and large to small business or industry.
