

Southwestern Community College Honors Program Honors Contract

What is an Honors Contract?

The Honors Contract is a collaborative effort between the student and faculty which provides an opportunity for the student to enrich the quality of his/her education beyond what is normally expected in the curriculum course, while simultaneously providing the faculty member an opportunity for scholarly/innovative endeavors as well as professionally interesting projects. Proposed Contracts must be relevant to the subject of the course.

What makes a project an Honors Project?

Research, Critical Thinking, and Extended Analysis that exceeds normal course expectations are the criteria.

What is the procedure for submitting an Honors Contract?

The student must complete and submit the signed original Honors Contract to Bethany Emory (Honors Program Chair) for Honors Program Committee Approval no later than the 15th day of the semester in which the Honors Contract is effective. The Honors Contract must be approved for the student to receive Honors Credit.
