

SCC Financial Aid Appeal for failure to Make Satisfactory Academic Progress (SAP)

Financial aid recipients must meet Satisfactory Academic Progress (SAP) standards in order to maintain financial aid eligibility. A student is considered to be making SAP when the following three conditions are met: minimum 2.0 GPA, minimum 67% completion rate, and completion of program of study within the 150% maximum time frame. Students who are not maintaining SAP standards may appeal their financial aid suspension if the failure to do so is due to events **beyond their control**. The SCC Financial Aid Director will review your appeal within approximately 30 days of our receipt of your completed form, and then will notify you within 7 days of the decision. If approved, the student must comply with all SAP standards or academic plans in all subsequent semesters. If the student does not maintain SAP, he/she will be ineligible for further appeals.
