

MOTORCYCLE SAFETY BASIC RIDER

This course covers the basic fundamentals needed to develop your capabilities to become a safe and responsible motorcyclist. It provides the opportunity for you to learn the physical and mental skills important for operating a motorcycle. In the classroom, you will learn ways to minimize risk and handle special riding situations. During the riding portions, you will be coached to develop the physical skills of basic control that include: straight line riding, stopping, turning and shifting.

New for 2015 is the Motorcycle Safety Foundation Basic eCourse a highly interactive online program that provides riders of all skill levels with the basics of motorcycling. With integrated graphics, photos, and video to help better illustrate the lessons, the new program allows you to control the pace of your learning. This will be required to be completed prior to your Friday class meeting. Certificate of completion must be presented on the first day of class. This eCourse portion is included in your class registration. Information for completion will be provided upon registration.

There is a Minimum of six (6) students per class required – Maximum of 12 students per class. For more information, call 828.306.7041.
