

# Early Child Care Workforce Career Technologies

FOLLOW US

## ABOUT THIS FIELD

The Early Child Care Workforce curriculum prepares individuals to work in early childcare settings. Students will combine best practices, competency-based knowledge, and practice in actual settings with children 0-12 years old.

## WHAT YOU'LL STUDY

Course work includes child growth and development, physical/nutritional needs of preschool children, safety issues in the care of preschool children; care and guidance; communication skills with families and children; design and implementation of appropriate curriculum; and other related topics.

## WHAT YOU CAN DO

Graduates should be prepared to plan and implement developmentally appropriate programs in early childcare settings. Employment opportunities include public and private childcare programs, family childcare homes, and other early childcare programs.

### PROGRAM START DATES:

Fall or Spring Semester
