

In-House GED Transcript

- . If you are applying to SCC this is all you will need for Admissions
- . Other colleges and employers may or may not accept this, sometimes they want an official transcript which can only be obtained from the state GED office in Raleigh. If you know that, you will need to fill out an Official NC GED Transcript Form (we have that form) and send or fax to Raleigh (we will send for you if you choose for us to).
- . We can only obtain records from 2002 to present. If you tested prior to that period of time you will have to get your transcript from Raleigh using the form mentioned above.
- . Please fill out the form carefully and fully so we have no trouble processing your request. A SS# is necessary in pulling up your record. We also have to have a signature so we can release your scores. It is your responsibility to have the correct and full mailing address for any college or employer you want your transcript sent to other than SCC. Be sure and include any contact name if it needs to be addressed to a specific person.
- . Your transcript request will be processed within 3-5 business days of your request.
