

# Human Services Technology

Health Sciences

FOLLOW US

## ABOUT THIS FIELD

The Human Services Technology curriculum provides students with the skills to help serve others who struggle with mental health and substance abuse issues.

## WHAT YOU'LL STUDY

Course work includes studies from a variety of disciplines. Emphasis is placed on development of relevant knowledge, skills and attitudes in human services. Fieldwork experience will provide opportunities for application of knowledge and skills learned in the classroom, in realistic settings with appropriate supervision provided.

## WHAT YOU CAN DO

Employment opportunities include entry-level positions in mental health, child care, family services, social services, rehabilitation, correction and educational agencies.
