

SOUTHWESTERN COMMUNITY COLLEGE	STUDENT SERVICES ANTI-HAZING POLICY	Policy 6.03.08
-----------------------------------	---	-------------------

- A. It is the policy of Southwestern Community College to comply with the requirements of the Stop Campus Hazing Act of 2024 and North Carolina General Statute §14-35 to prevent, report, and address hazing incidents, as appropriate.
- B. Hazing, as defined in the Procedures of implementation of this policy, is not permitted at Southwestern Community College. No individual or student organization is permitted to plan, engage in, or condone hazing, on or off campus. Individuals and/or student organizations in violation of this policy are subject to applicable College standards of conduct.
- C. The College recognizes that individuals may be reluctant to report instances of hazing when their own actions may be in violation of College policy related to the use of drugs and/or alcohol. While the College does not condone a violation of a policy related to drugs and/or alcohol, it will consider extending immunity for violations as part of reporting instances of hazing.

Adopted: November 18, 2025
